# Message From the Executive Director

Dear Friends,

A board member once told me she was jealous of the job I had because we get love letters from our clients and she's never received a single one from hers. She's got a point! Granted, our work encompasses aspects of the job that are less attractive than love letters, but there are lots of heartwarming and rewarding moments that happen on a regular basis at TCHS. I fully realize that one of the main reasons we are so successful is because of YOU, our donors, adopters, volunteers and supporters.

*We are the reflection of your care and concern for animals.*

Every year our ability to provide additional services to the animals and people of our community increases. This is made possible by YOU and the power of compassion. By building programs around this compassion we strive to reduce births, increase adoptions, maintain existing homes, rehabilitate animals and increase community support. Our dreams today are considerably more extensive, but doable. I title them as "mission possible."

TCHS has continued to evolve—transforming from a place where animals go, to a place where animals leave. Or better yet, a place where animals never enter in the first place. Here are a few of the highlights from 2016 that we (we in the collective sense, which includes YOU) were able to accomplish:

- We finished the year with an overall placement rate of 96%! Considering we have no control over what kind of animals come in and the condition they are in, I find that truly remarkable.
- On average, animals spent less than 10 days in the shelter.
- We reduced euthanasia by 46% from 2015!
- We spayed/neutered 1,643 shelter pets prior to adopting them out, helping prevent future unwanted litters in our community.
- We had a total of 35 mobile spay/neuter clinics come to our area to offer affordable options to people of limited means or with feral cat colonies.

TCHS believes transparency is one of the most effective ways to build community trust and support, and secrecy is one of the fastest ways to lose it. We have nothing to hide and so much to share! In the following pages, you'll see more amazing statistics and outstanding programs showing how we've embraced new models of effectiveness and efficiency in service of both people and pets.

It has truly been another stellar year for TCHS, all made possible by the generosity of people like you who care about animals! Other projects and programs are, at the same time, pending due to the lack of resources. Built in 1989, it's no surprise that our current building is out of date and in need of repairs. As we research our options for the animals, please keep us on your radar for future support.

Thank you, on behalf of the animals -

## Vicki Davis, CAWA

Vicki Davis is the only Certified Animal Welfare Administrator (CAWA) in the State of Minnesota. She has dedicated 32 years advocating for animals at the Tri-County Humane Society.

# 2016 Annual Report: Finances

Tri-County Humane Society is a highly efficient organization that goes to great lengths to reduce our administrative costs so that the majority of funds can be focused on our lifesaving programs. Compared to other organizations with similar budgets, TCHS does a lot more with much less. We reliably receive high rankings according to national charity ranking organizations such as GuideStar and Charity Navigator. TCHS depends on the support of our local community to provide the highest-quality services to the animals entrusted to us.

*In the 17 years that I have been involved in Tri-County Humane Society, I have seen an exceptional organization make great strides. As current Volunteer Treasurer, one of my favorite aspects of TCHS has been that, although focused on ideals, the plan has consistently been very realistic. The cost of improvement has always been at a financially sustainable rate to ensure long-term success! Most importantly, they have done so much for our animals and ultimately the people that adopt them. My almost 14-year-old TCHS alum was adopted as a puppy and she definitely makes my life and our family more complete. The same story has been true for other animals and their families, countless times, as a result of the efforts of TCHS.*

*~ Matthew Larson,  
TCHS Board Member*

## Grant Highlight:

In 2014, we received a \$10,000 grant from the ASPCA to reduce our cat intake numbers through increased spay/neuter efforts in our community. Longtime supporter and volunteer Kristi Brosowsky dedicated many hours of her time and talent creating GIS mapping and analysis of areas that we were receiving high numbers of felines. In 2015, we targeted those areas with mass mailings that highlighted the importance of spaying and neutering your pet and provided mobile spay/neuter clinic dates in the St. Cloud area.

We are pleased to announce that in 2016, we saw a 9% decrease in felines from 2015, and each of the 35 mobile spay/neuter clinics that came to the St. Cloud area were filled to capacity, resulting in the sterilization of close to 1,200 animals. As we continue these efforts, we hope to see further reduction in the number of unplanned, unwanted and homeless litters in our community.

In memory of Daryl R. Dahl and "Tiki." Daryl loved dogs and had always wanted one. So, when the time was right we made a visit to the Tri-County Humane society where it was love at first site with Tiki, a seven-month-old Australian Shepherd/Husky mix. That was 16 years ago now. Tiki was the sweetest, most wonderful dog I have ever known. She lived a long, happy life full of trips to the cabin, dog parks, naps and much more. She was loved by all who met her. She passed away at the age of 14 years at home surrounded by her loved ones just weeks before Daryl. Daryl loved Tiki and all dogs very much, and I believe he would be happy that other dogs will be helped with this donation. Please accept these funds in the Memory of Daryl R. Dahl and Tiki.

# Who Rescued Who?

WRW?

We hear wonderful stories of TCHS "Alumni" on a regular basis. These are just a few of those stories.

At any given time, Tri-County Humane Society has approximately 75-100 animals waiting to be adopted.

Our knowledgeable staff and volunteers assist our visitors in finding the perfect match for their household.

We offer potential adopters all of the information that we have on the animals available for adoption, including a detailed questionnaire filled out by the previous owners, information from the temperament and behavior assessment performed by our staff, and any medical history.

We want adopters to be fully aware of all of the animal's needs before making a commitment.

## Finley: Adopted 1-16-2016

Words cannot capture the joy Finley (was Nike) has brought to us. Fin was a transfer from a Texas shelter where he spent the first 9 months of his life. A year ago, we met Fin at the Tri-County Humane Society. He was so shy and scared, he would barely walk upright. Now, he is the most expressive, sweet boy! He loves hikes near our home in Duluth, the dog park and car rides. We are so excited for our first Christmas with him! He has a stocking full of goodies to find on Christmas. He truly is our fur-baby!  
~Ellie and Spencer

**Mabel: Adopted 8-20-16**  
**Murphy: Adopted 1-21-15**

We adopted Murphy almost 2 years ago and Mabel a couple months ago. I couldn't be more pleased with the way they have bonded!

Thank you!  
~Nanci
