Message From the Executive Director

Dear Friends,

Tri-County Humane Society (TCHS) has come a long way since our humble beginnings in 1974. Our 95.6% placement rate in 2018 reflects years of hard work and dedication by staff and volunteers, as well as significant financial contributions from supporters through fundraising and donations. The remaining 4.4% for which euthanasia was deemed necessary were not decisions that were taken lightly. Euthanasia is a last resort, only considered when all quality of life is gone and it's the only humane option left or when a pet poses a legitimate danger to society. Tri-County Humane Society is truly a place you can be proud of.

We are the reflection of your care and concern for animals.

At TCHS we serve a much needed and important role in our community helping companion animals find caring people. We love helping make happiness happen – and we're really, really good at it! Nevertheless, the great work we are doing is becoming more and more difficult. Our old, outdated, patchwork of a facility has reached its limit and is badly in need of being replaced. With your help, we can do better for the animals.

The time has come to build.

We have done a lot of improvising over the years - patching, repurposing and tacking on as best we could, but the time has come to build a new shelter. And we will.

A brand new building on our current land, incorporating the newest ideas and best practices in animal sheltering, will allow our staff and volunteers to do an even better job. This will be a place of greater comfort and help for the animals. It will be a place where we can expand our humane education programs for children. And it will be a new source of pride for the entire community.

We've done our homework. This has been "in the works" for several years and now we are ready. Please help us make the animals' stay and visitors' experience more positive. **Help make a new shelter happen so that we can do even better for them.**

This newsletter features a few of the highlights from 2018 that we (we in the collective sense, which includes YOU) were able to accomplish. In the following pages, you'll see more amazing statistics and outstanding programs showing how we've embraced new models of effectiveness and efficiency in service of both people and pets.

It has truly been another stellar year for TCHS, all made possible by the generosity of people like you who care about animals!

Thank you, on behalf of the animals -

Vicki Davis, CAWA

If you would like to be a major contributor for our new shelter capital campaign, please contact me to arrange a visit and discuss the many ways you can leave a legacy for the animals for years to come.

Have you tried our air fresheners?

We know it's a snowy mess outside, but we at TCHS have warmer weather on the brain— thanks to our newly arrived pet odor-fighting candles that have springtime scents. It's like early Christmas when we get to open these boxes!

Check out these wonderful scents, including '90s throwback smell Cucumber Melon, in our Re-Tail Shoppe. We also have new pet odor-fighting fabric sprays that will keep your furniture smelling fresh.

Note: These products have special enzymes that truly attack pet odors, not just cover up the funkiness. Try them and you'll see.

Bloody Mary
& Chili

TCHS is grateful to its sponsors: Red Carpet Event Center, 99.9 More FM, Johnson and Brothers Liquor Co., Benton Trophy & Awards, and Kloster Commercial Resources. Also, big "paws-up" to Board President Cheryl Ley and her committee for coordinating the event, and Rick Gaetz and the Red Carpet for hosting the event.

Tri-County Humane Society is proud to announce it raised \$4,358 through its 3rd Annual Best Bloody Mary/ Best Chili event on January 26th at the Red Carpet Event Center in downtown St. Cloud. Despite chilly temperatures, more than 200 people attended the event. Anton's, Crooked Pint Ale House, Erbert & Gerbert's Downtown, HR Pesty's, House of Pizza, Lily's Wings, Burgers, & Things, MC's Dugout, The Red Carpet, and Torch Sauce Co. competed at the event. MC's Dugout won a trophy for Best Chili while The Red Carpet won a trophy for Best Bloody Mary.

Spay-ghetti &
meat
NO  Balls Dinner

Special thanks to the attendees, silent auction donors, the volunteers, and especially TCHS Board Member Bill Nelson for organizing this event.

Tri-County Humane Society thanks everyone who attended the 3rd Annual Spay-ghetti and (No) Meat Balls dinner on March 2 at the Sauk Rapids VFW. We're still crunching the numbers on how much we raised for our spay/neuter fund, but we know 229 plates were served!

Who Rescued Who?

Hello friends at Tri-County!

When Kaitlyn was about 8 months, we got our kitty Winry (Tabitha) from your shelter! Kaitlyn and Winry grew up together as they were almost the same age! We always knew Kaitlyn was different since she was little. Winry seemed to know, too! Winry was always there for Kaitlyn, even when Kaitlyn would have huge meltdowns. Kait's meltdowns are kicking, screaming, self-injury, and lack of self-regulation.

Unfortunately Winry had Hypocalcemia, and severe allergies to food. While the prescription food helped the hypocalcemia, it would flare her allergies and it caused a vicious cycle. Winry would get staph infections on her ears and body from itching. Unfortunately after six years of suffering, Winry's body was tired and we had to put her down right before Christmas of 2016. Kaitlyn was just 6 years old, and so was Winry.

Kaitlyn was devastated. Kaitlyn connects to animals more than people, and Winry was one of the few coping mechanisms Kait had to calm herself down. Autism is not easy when you are 6.

This is where Ollie comes in. Kait wanted to donate some money to help the kitties at the shelter. We do it often. It is usually only a few dollars, but she gives all the money she has. So we looked at the kitties too and she saw Ollie in the stray

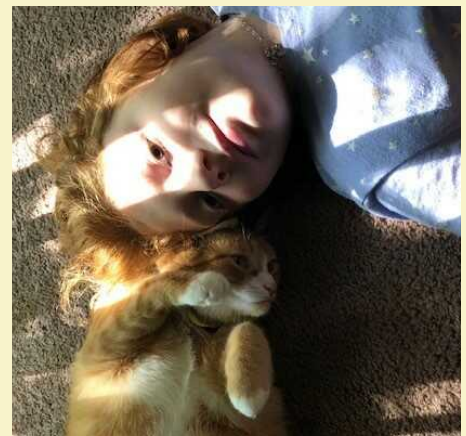

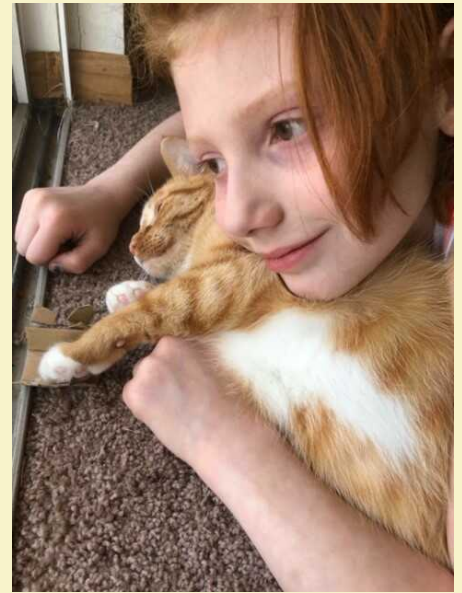

cat room. I tell you Kait just lit up.

Ollie was purring and snuggling her. Kait cried a bit and said this was her baby, and that we needed to get him. She was ready for a new friend! I couldn't say no, and so I put a deposit down. I had no idea how I was going to pay for Ollie after his neuter surgery, other than by using my credit card!

I posted that Kait found a new friend at the shelter, and that we would be bringing him home after he got his surgery! My friend Adam saw the post and he donated the adoption fee for Ollie. Of course it was an anonymous donation, and I had no idea it was him until recently!

Ollie has been an amazing gift ever since! Kait loves him more than anything, and she snuggles him when she is upset or when she needs someone to talk to. She makes him cat toys, cat houses (out of boxes mom would rather throw away) and always uses her money to get him a present. Ollie helped her when she was at her lowest and she began to smile again, when before she would cry every day about Winry. Ollie is her best friend, and the muse for most of her artwork.

Ollie is a sweet, chubby, loveable orange tabby cat, and he is a huge part of our family. Whenever anyone is down, he is there for snuggles and kisses.

Since then, we have moved into a house, got another cat from TCHS, and recently we got a dog! Ollie is welcoming to everyone and is the best!

-The Wipper Family

We receive wonderful stories of TCHS alumni on a regular basis, and we want to offer our sincere thanks to all who take the time to share them with us. Over 3,000 pets enter our doors every year. Some stay for just a few days while others stay for months before finding the perfect match, but they all manage to wiggle their way into our hearts. We are invested in each and every pet we care for, and we want the best for them.

You can imagine the joy it brings us to receive pictures and updates from adopters like this one! It seems only right to share them with you, our friends and supporters who make our work possible. THIS is why we do what we do. Why you give, volunteer, adopt, and encourage your friends and neighbors to do the same.

Share YOUR adoption story with us by messaging our Facebook page or emailing us at: pets@tricityhumansociety.org. We'd love to hear from you!

Separation Anxiety

The shelter receives occasional calls related to a pet's unacceptable or disruptive behaviors. Separation anxiety is a common reaction of pets, especially dogs, when left alone for long periods of time. Owners are plagued by the disruptive behaviors that result from separation anxiety and will often consider surrendering the pet to us.

Being alone is an unnatural condition for a dog. Boredom and loneliness lead to destructive behavior. For those of you who own a dog that shows disruptive behavior when left alone, you can turn the behavior around with effort and understanding. It may be difficult to break ingrained behavioral patterns in both the dog and yourself, but it is possible.

For those of you who may be contemplating acquiring a dog who will be left alone on a regular basis, we ask that you consider two things:

1. What are your motives in adopting a dog?
2. Are you willing to put in the time and effort required to meet the dog's needs?

Honest answers to these questions may save you and the dog much grief and aggravation.

In itself, leaving your dog alone may not constitute inhumane treatment of the animal. It does, however, border on inhumane when the owner is not willing to minimize the stress experienced by the dog and share responsibility for the dog's misbehavior. Please feel free to contact the shelter if you have questions regarding animal behavior. We have literature and resources available at no charge.
