

Found kittens?

If you've found kittens, here's what to do:

START HERE: Are the kittens injured or critically sick?

YES

CALL TCHS

to make an appointment and/or get advice.

NO

ESTIMATE THE AGE OF THE KITTENS

0-2 WEEKS OLD

Eyes closed or barely open

2-4 WEEKS OLD

Eyes open and alert; becoming mobile

4-6 WEEKS OLD

Very mobile and often talkative; can eat food

6-8 WEEKS OLD

Very active and playful; around 1.5-2 pounds

8+ WEEKS OLD

Very active and playful; 2 pounds or more

STOP! Can you see the mom cat OR a nest?

YES

DON'T KIT-NAP!
A kitten's best chance of survival is with mom. **Leave the kittens where they are.**

If you want to help, make sure mom has access to shelter, food, and water and contact TCHS for a plan when kittens can be weaned.

NO

ARE YOU SURE?

Mom may be off hunting or not want to come around if people are present. Watch for her to come back for a few hours.

PRO TIP: Leave a ring of flour around the kittens. Check in a few hours if you see mom's foot prints in the flour!

Contact TCHS for an appointment to surrender them for adoption.

Or, you can try to find homes for them, ensuring they are spayed/neutered before adoption.
